

## TL822 Drafting Chair Assembly Instructions

Please follow the below instructions for assembling your TL822 Drafting Chair.  
*(Note: There are no tools required for assembly)*

This assembly involves a total of five components;

- **Base with five castors (wheels)**
  - **Silver Metal Foot Ring**
  - **Gas Column**
  - **Seat**
  - **Back-Rest**
1. Place the **Base with Five Castors** on the ground and insert the **Gas Column** with the capped end facing up.
  2. Loosen the adjustment knob on the **Silver Metal Foot Ring** and drop down allowing the **Gas Column** to enter through the centre circle.
  3. There is a hole underneath the **Seat**, drop the **Seat** to allow the **Gas Column** in the hole.
  4. Insert the **Back-Rest** into the appropriate slot located at the back of the seat. Use the adjustment knob on the **Seat** to secure the **Back-Rest** in place.

It is now ready to be sat upon and adjusted using the height, tilt and back support levers until you get a comfortable position.

If you have any concerns please don't hesitate to contact our office via email or phone.
